## Part A: Pupil Premium strategy plan: Statement of intent

Our intention is that **all** pupils, make good progress and achieve well across all subject areas. We want all pupil to be able to soar to success.

The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already achieving well. We aim to support vulnerable pupils, such as those who have a social worker, too, regardless of whether they are disadvantaged or not.

**Good quality teaching** is the main way in which we intend to help all pupils, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school.

Our Pupil premium funds, Recovery Premium funds and School led tutoring funding is/was also targeted at **tutoring and intervention** for pupils whose education has been worst affected, including non-disadvantaged pupils. Our pupil monitoring enables us to act swiftly to give children time limited targeted support for specific weaknesses, then evaluate its impact.

## Part A: Pupil Premium strategy plan: Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<p><i>Free School Meals</i> children:</p> <p>Low levels of literacy and numeracy on entry and some specific learning issues such as dyslexia and dyscalculia (Use of specific teaching assistant interventions).</p> <p>A common barrier in this locality is that a significant number of children and parents do not speak in standard English, which then affects their ability to write in standard English and to pass the <i>GPS</i> test. This is more often the case for <i>FSM</i> children than non <i>FSM</i> children.</p> <p>Low emotional wellbeing can be a significant factor.</p> <p>There are a number of children with speech and language communication needs (Following programmes designed by therapists)</p> <p>Low parental expectations might hold a child back.</p> <p>Lack of reading opportunities outside of school.</p> <p>Parents who might feel apprehensive about attending parent consultations or meeting teachers to discuss their child's learning.</p>

	<p>Children not coming to school with the equipment that they need, for example pe kits or having completed their homework.</p> <p>Attendance is often lower for this group of children than it is for non Pupil Premium children. Poor attendance contributing to lower than expected academic progress, including arriving</p>
2	<p>For some specific Pupil premium children:</p> <p>Social and emotional needs, including difficulty in interacting within their peer group. (Nurture support).</p> <p>Children's Services involvement as a result of identified high family needs.</p> <p>Limited experiences at home which can impact on their ability to write about certain topics and mean that vocabulary is limited. This can often lead to low aspirations for their futures, which can in turn further reduce their motivation and commitment to learning.</p> <p>In some cases parental learning needs make it harder for them to support their child at home.</p> <p>In some cases parental expectations of behaviour are a lot lower than school expectations thus make it hard for children to be ready to access the learning.</p>

#### Part A: Pupil Premium strategy plan: Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p>Through:</p> <ul style="list-style-type: none"> <li>high quality first teaching and</li> <li>intervention teaching</li> </ul> <p>further improve standards in Reading, Writing and Maths for all Pupil Premium children so end of Key Stage results meet national/beat national for each of the 3 key stages.</p>	<p>A) School % reaching <b>expected</b> end of Year 6 in all of Reading, Writing and Maths matches national or exceeds this.</p> <p>B) School % reaching <b>expected</b> end of Year 2 in all of Reading, Writing and Maths matches national or exceeds this.</p> <p>C) School % reaching <b>expected</b> at the end of EYFS in all areas, especially in Reading, Writing, Numbers and Shape, Space and Measure matches national or exceeds this.</p> <p>D) School % of PP achieving <b>greater depth/Good level of Development</b> in all 3 key stages matches or exceeds national.</p> <p>E) School <b>Progress</b> scores Key Stage 1 to 2 for Reading, Writing and Maths match or exceed national, especially for Pupil Premium children.</p>
<p>For Pupil Premium children to attain as well as non Pupil Premium children.</p>	<p>Gap between Pupil Premium end of key stage data and non Pupil Premium end of key stage data is same as, or less than, national gap.</p>

To achieve good wellbeing for all pupils in our school, particularly our disadvantaged pupils.	Pupil, staff and parent voice shows good individual wellbeing.
